**GLENN VALLECILLOS MD, INC.**  
BEVERLY HILLS, CALIFORNIA  
SANTA MONICA, CALIFORNIA  
REDONDO BEACH, CALIFORNIA

American Board of Plastic Surgery

### WHAT IS YOUR PHILOSOPHY?

Our patients should feel empowered through a foundation of education and expert advice predicated upon evidence-based medicine and innovative insight. By establishing a partnership with the patient through education and trust, optimal satisfaction is achievable. Each patient has a very unique set of needs and desires, and our goal is to create a natural-appearing, balanced aesthetic that complements their individual features.

### WHAT MAKES YOUR PRACTICE UNIQUE?

Our practice is highly subspecialized with a notable reputation for our work in surgical and nonsurgical facial rejuvenation, revision rhinoplasty and revision breast surgery. Our staff is highly personable, which resonates in our warm environment. We covet our patients and are vested in each and every one. We strive to learn from every patient, every visit, every time.

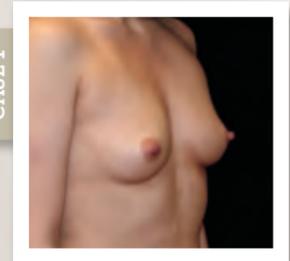

### HOW DO YOU DEFINE A SUCCESSFUL RESULT?

A patient who is years out from surgery, presents to my office for a routine follow-up. She is as enthusiastic today about the impact my treatments have imparted on her life as she was the day after surgery. That's my definition of success, hands down.

## FAT TRANSFER BREAST ENHANCEMENT

Dr. Vallecillos boasts extensive experience in performing fat transfer breast augmentation and offers it as an option for women seeking enhancement without implants. Also known as natural breast augmentation, the procedure uses liposuction to extract fat tissue from sites on the patient's body, usually the thighs, flanks or abdomen, which is then purified and deposited as tiny droplets throughout layers of the breast to create a modest enhancement. "There are several advantages for the patient including less scarring and no risk of implant rupture, as well as the ability to maintain the soft feeling of a natural breast," says the doctor.

BEFORE

AFTER

### NATURAL-LOOKING ENHANCEMENT

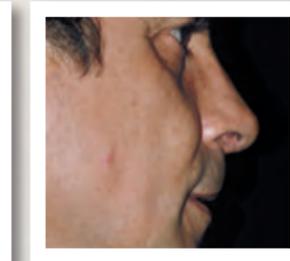

Unhappy with the size of her breasts, this 38-year-old patient sought Dr. Vallecillos who performed a breast augmentation for a natural-looking volume enhancement.

### PERFECT PROFILE

This 50-year-old patient underwent a tertiary revision rhinoplasty following previous revision rhinoplasties as a consequence of incurred trauma injury to the nose.

"SUSTAINED EXCELLENCE"

A FELLOW OF THE AMERICAN COLLEGE OF SURGEONS AND MEMBER OF THE AMERICAN SOCIETY OF PLASTIC SURGEONS, DR. VALLECILLOS IS REGARDED FOR HIS ARTISTRY AND SKILL IN ALL ASPECTS OF AESTHETIC SURGICAL REJUVENATION AND RECONSTRUCTION. LOCATED IN THE HEART OF THE BEVERLY HILLS MEDICAL DISTRICT, DR. VALLECILLOS' OFFICE IS A STATE-OF-THE-ART, ULTRAMODERN FACILITY WITH JCAHO-ACCREDITED OPERATING SUITES AND A VIP WAITING AREA THAT INCLUDES MASSAGE CHAIRS, A COMPLIMENTARY BEVERAGE AND SNACK MENU, WI-FI CONNECTIVITY AND IPADS. "WE TAKE A PERSONAL APPROACH TO ALL ASPECTS OF YOUR CARE," SAYS THE DOCTOR.

### WHAT NEW TECHNOLOGIES ARE ON THE HORIZON THAT YOU'RE EXCITED ABOUT?

We find ourselves in a transformative period in medicine. Breakthrough developments including a more fundamental understanding of stem cell technology will lend to great advances, which will have a direct impact on our health.

### WHICH SPECIFIC EDUCATIONAL POSITION ARE YOU PROUD TO HOLD?

I am a senior faculty member at P.A.L.E.T.T.E., an educational foundation focusing on the safe use of injectables. Over the past six years, I've trained more than 800 physicians and medical professionals on advanced aesthetic injectable techniques.

### WHAT DO YOU LIKE MOST ABOUT YOUR JOB?

The freedom to create is a unique and coveted feature of aesthetic plastic surgery—it's an awesome responsibility. Our specialty is the ultimate form of expression in medicine. The ability to transform someone into their ideal and elevate their spirit—that's what drives me every day.
